No adverse filings found (7)

Placeholder Plumbing LLC, Test Site Electric LLC, Fictional Drywall Inc, Imaginary Homes LP, Mock HVAC Services, Model Masonry Co, Specimen Steel Erectors

How to read this. Score 0-100 from filings in the last 12 months: federal and state tax liens, judgments, mechanic's liens against the business or on jobs it ran, lien bonds and lis pendens; releases lower it; filings in the last 90 days count fully, older ones less. High 60+, Elevated 30-59, Watch 10-29. Matching is by business name (and Texas taxpayer number when provided); names marked 'check' are similar, not identical. Counties not listed above are not searched. Built from public county records; it is not a credit report and makes no statement about any person. Verify a filing on the county record before acting on it.
